A Complete Permit Application **must** include the following:

- Appropriate application filled in correctly.
- KMZ File of route from starting pole to ending pole.
- Excel file (in .csv or .xlsx format)- with requested poles numbered from the first to the last pole in the route with their corresponding **GPS** coordinates in decimal degrees.
- Equipment specifications for all new equipment to be attached, and if an *overlashing* notification, then the currently attached company owned equipment specifications must be included as well.
