

INFRASTRUCTURE AND INCREMENTAL COSTS RECOVERY RIDER

(1) **PURPOSE**

The Infrastructure and Incremental Costs Recovery Rider (IICR) defines the procedure by which the Louisiana Public Service Commission (“LPSC” or “Commission”) shall determine the level of refunds that may be due Customers pursuant to the filing of annual monitoring reports and also provides for recovery of incremental costs and/or revenue requirements for Commission approved capacity purchases, construction or acquisition projects and exceptional costs/savings.

(2) **APPLICATION**

This Rider is applicable to electric service furnished under all rate Schedules incorporating Rider IICR.

(3) **MONTHLY RATES BY CLASS**
