

TEMPORARY ELECTRIC SERVICE

(1) APPLICATION

This rider schedule is applicable to service furnished for all general lighting and power purposes where the **use of service is of a temporary nature or may be limited to a short period of time.**

This rider schedule is not applicable to standby or supplementary service, nor is it available in combination with any other rider schedule.

All provisions of Rate Schedule GS shall apply except as specified herein.

(2) INTERRUPTION

Service furnished under this schedule shall be "off peak" with respect to the peak load on the Company's electric system. The Company reserves the right to limit service hereunder to such an extent and during such hours as the Company may designate, in order to comply with this provision.

(3) FACILITIES CHARGE

The Customer shall pay, in advance, to the Company each time application is made for service, an amount equal to the estimated gross installed cost plus removal cost, and less salvage value, of all facilities necessary to furnish such service. However, no facilities charge will be made when the installation of a self-contained meter only is required.

(4) SERVICE PERIOD

Not less than one month.

Effective: January 1, 1988

Supersedes: Rider Schedule A (1/87)
