

Power Wise[™]

Large Commercial & Industrial

Large facilities participating in Cleco's **Power Wise[™] Program** receive financial incentives for the installation of certain energy efficiency measures that reduce energy consumption.

Solutions for

Facilities with
avg. peak demand

> **100kW**

Cleco's **Large Commercial & Industrial Power Wise[™] Program** is designed to benefit larger facilities such as schools, hospitals, churches, municipal or governmental properties, or any large commercial/industrial customer who receives electrical service from Cleco and has an average peak demand greater than 100kW.

Incentive Amounts

Incentives are based on \$0.16 per kWh for qualifying lighting upgrades; \$0.22 per kWh for qualifying HVAC upgrades.

Incentives are available for the following energy efficiency upgrades:

- Energy efficient lighting upgrades
- HVAC change-outs including split system air conditioners, heat pumps, and chillers

Incentives can pay up to a maximum incentive of \$35,000.

Program Benefits

- Reduced energy consumption through energy efficiency
- Step-by-step program consulting
- Greatly reduced costs for new high performance equipment

Program funding is limited.

Offerings are subject to change without notice.
