ENERGY TRANSITION CHARGE ADJUSTMENT

(1) APPLICATION

This adjustment clause is applicable to electric service furnished under all rate schedules incorporating Adjustment Clause ETCA.

(2) ENERGY TRANSITION CHARGE ADJUSTMENT

There shall be added to each monthly bill for service an adjustment to recover applicable energy transition cost. As approved by the Louisiana Public Service Commission, a special purpose entity ("SPE") has been created and is the owner of all rights to the Energy Transition Charge. Cleco Power shall act as the SPE's collection agent or servicer for the Energy Transition Charge.

Rate Schedule ETCA shall be subject to true-up in accordance with the schedule prescribed in the LPSC's financing order with such true-up being made at least semi-annually. Applicable late fees and charges will be allocated to the servicer.

The Energy Transition Charge shall be paid by all customers receiving transmission or distribution service from the Company or its successors or assignees under Louisiana Public Service Commission-approved rate schedules or under Louisiana Public Service Commission-approved special contracts, even if the customer elects to purchase electricity from alternative electric suppliers due to a fundamental change in the regulation of public utilities in Louisiana or due to any other reason.
