

Power Wise™

Small Commercial

Small businesses participating in Cleco's **Power Wise™ Program** receive financial incentives for the installation of certain energy efficiency measures that reduce energy consumption.

Solutions for

Businesses with
avg. peak demand

<100kW

Cleco's **Small Commercial Power Wise™ Program** is designed to benefit commercial customers who receive electrical service from Cleco and have an average peak demand less than 100kW.

Incentive Amounts

Incentives are based on \$0.16/kWh reduced for all qualified measures.

Incentives are available for the following energy efficiency upgrades:

- Energy efficient lighting upgrades
- HVAC change-outs including split system air conditioners, heat pumps, and chillers

Incentives can pay up to 100% of the project cost and up to a maximum incentive of \$15,000, whichever is less.

Program Benefits

- Reduced energy consumption through energy efficiency
- Free, no-obligation facility assessment
- Greatly reduced costs for new high performance equipment

Program funding is limited.
Offerings are subject to change without notice.
